## FOR IMMEDIATE RELEASE

### **24/7 Response Team Representative Will Be at Towne East**

(Sedgwick County, Kansas) –Every Friday from 9 a.m. to 10 a.m., beginning June 28, a representative from the Sedgwick County “24/7 Response Team” will be on hand at the Marketplace in Towne East Mall to perform blood pressure checks and answer questions. The 24/7 Response Team also has a representative at Towne West on Thursdays from 9 a.m. to 10 a.m. at the Community Information Booth.

The “24/7 Response Team” was established as the second phase to the “Ready to Respond” program in order to promote safe families in Sedgwick County.

“At Sedgwick County, our top priority is the safety and health of all our citizens,” said Sedgwick County Commission Chairman Ben Sciortino. “This is a county service that we can bring out to those citizens who use the mall as part of their health programs.”

For more information on 24/7 or to have a member of the “Response Team” come to your group, call 660-9370.
